**Reduce the number of business days in April**

We would like to express our deepest sympathies and condolences for the people who died of COVID-19 and contracted people.

In response to the Japanese government's strong request to people to observe stricter social distancing, we will reduce the number of business days in April, mainly by advancing holidays.

Amended calendar is as follows

① Closed days: April 20, 21, 22, 23, 24, 27 and 28

The last business day of the month will be April 17, and the first business day of May will be May 7, after Japan's Golden Week spring holiday.

Our company will continue the activities such as development, production, the service after taking further infection risk mitigation measures during the holiday period because it is necessary to fulfil a social responsibility to provide the production

We appreciate the understanding and cooperation of its customers and business partners in dealing with the current situation.
